

SECTION B: THE CONTENT OF THE PLAN

B.1 System Strategic Plan – N/A

B.2 School Mission – see attached at end of section

B.3 School Beliefs – included on Mission Statement

B.4 Internal Scan

As part of our self-evaluation process, opinion surveys were purchased from the National Study of School Evaluation (NSSE) and distributed to our stakeholder groups. Teacher and student opinion surveys were completed online and parent, alumni, and parish members' surveys were completed through the mail. Each survey contained 40-50 general questions and additional school specific items that were developed by the Planning Team. The surveys and their statistical results are attached in the following order:

- Teacher Opinion Survey
- Student Opinion Survey
- Parent Opinion Survey
- Alumni Opinion Survey
- Parish (community) Member Survey

B.5 External Scan – N/A

B.6 Student Performance Objectives: see next pages

B.7 Non-Accreditation for Growth Goals: N/A

B.8 Action Plans:

a.) Copies of Plans – See attached at Last Tab

b.) Development of Plans: All three plans were developed by the respective action plan committees in consultation with the Internal Coordinators and with the approval of the Principal.

c.) How Plans Support Mission and Objectives: The mission of Saints Peter and Paul High School revolves around the central theme of molding students who are strong in three areas, in *Mind, Body, and Spirit*. Each student performance objective and consequently each action plan highlights one of those three areas. The first plan revolves around our academics (*Mind*), the second around student activities (*Body*) and the third around community (*Spirit*).

d.) Resources to Ensure Success: The Principal and the parish have made the long-term commitment to the school. The Principal will ensure that adequate funding is available to complete each action plan.
